

2021-22 U11 Hybrid Goalie Program

After a tremendous first full year of the hybrid program city wide, it is continuing for the '21-'22 season, and will be open to both first and second year players.

To participate in this program the participant's family must agree to playing and practicing both positions equally throughout the year. Players will not be able to withdraw from the program part way through and registration fees will not be refunded.

To qualify, the participant must evaluate as both a goalie and a player and at the end of evaluations be ranked within 1 division for both positions. This is to ensure as fair a result as possible for the participant, their teammates, coaches and opposition. Any participant who is deemed to have reduced their effort in either evaluation process in an attempt to ensure they qualify for the program will be disqualified.

The participant will be evaluated as a goalie during two (2) "Goalie Only" skills sessions, and then will be evaluated on a schedule for the remaining scrimmages to be determined by their player ranking. We will be sending out "next" icetimes after every day of evaluations.

Participants wishing to register as full-time goalies for the 2021-22 season may continue to do so but should be aware they may be placed on a team with a participant who is a hybrid goalie/player.

The results of evaluations will not be known until near the end of the process. If a participant is trending toward not qualifying (evaluating greater than one division away from each position) they will be notified and asked to commit to being a full-time player or a full-time goalie for the upcoming season and will be expected to participate in the remaining evaluation sessions for the position of their choice.

Please see the Glenlake Evaluations Schedule on the website for times and dates of the evaluations schedule for the U11 Goalie Program.

Sincerely,

Ken Rigel
Goalie Coordinator
